Document Number	MTSA -CL-XX001-002
Version	V001.4

Buyers and Sellers – MyTechie South Africa is an e-commerce marketplace (Tech-as-a-Service) for skills and services and as such, does not set the pricing of the marketplace skills or services traded on the Platform.

The platform operates on a willing buyer and willing seller principal.

There are some once off on-boarding charges and some monthly licencing charges that apply in circumstances stipulated below.

MyTechie charges an administration fee to the Techie performing the work (the Seller) of 15% of the agreed charges for the services for each transaction on the Platform.

This administration fee can be adjusted in favour of the Techie under certain conditions.

Usage of the Platform is subject to acceptance of the Platform Terms and Conditions.

Pricing is subject to change from time to time and all pricing is excluding VAT.
